the only night he'd heard anything about the internet at work was when he (Harris) was talking about the propane tanks. Mr. Thornby said he went home that night and thought he should have told someone about it, but went to sleep and it never crossed his mind again.

Mr. Thornby said Harris would "always" bring fireworks into Black Jack Pizza. He said Harris would build a huge bonfire behind the restaurant and throw fireworks on top and watch it. Mr. Thornby said, "He (Harris) talked about bombs every now and then." Mr. Thornby couldn't remember specific conversations.

I asked Mr. Thornby if Harris told him how to make bombs. Mr. Thornby said, "Actually, he did say he used fireworks. He emptied them out and made some out of those." Mr. Thornby didn't know of pizzas being traded for fireworks. Mr. Thornby said they traded "fireworks for work." Mr. Thornby said he also worked at a fireworks tent and was paid with fireworks. He said Chris Morris received fireworks for pay too. They worked at the tent at the King Soopers Parking Lot at Coalmine and Pierce.

Mr. Thornby said he had never ridden or sat in Eric Harris' car. He said he gave Harris a ride home from work one time. Mr. Thornby said he had never seen anything unusual in Harris' car. He said he never knew Harris to carry a gun or have bombs with him.

I asked Mr. Thornby if he ever heard or saw Harris planning anything or meeting with anybody. Mr. Thornby said Eric, Dylan and "other different people" would come to Black Jack Pizza everyday for lunch. Mr. Thornby never saw them with lists or diagrams that he could remember.

Mr. Thornby said he graduated in 1997 from Columbine High School. He said he was not associated with the Trench Coat Mafia. He said he kept to himself, and was interested in music. He said the TCM's played a card game called "magic" and another game he couldn't remember the name of.

Mr. Thornby said he was "pretty good friends" with Chris Morris. Mr. Thornby doesn't think Morris is involved in the Columbine incident.

Mr. Thornby said he didn't know Dylan Klebold very well. He said Dylan didn't talk much. He said he never really talked to Dylan "one on one". I asked Mr. Thornby if he knew someone named Dykeman. He said, "do you have a first name?" I asked Mr. Thornby about nicknames, he only knew of "Reb" for Eric Harris, and "Grunt" for Chris Morris.

Mr. Thornby said he had a New Years Eve party (12/31/98) at his house. Eric Harris, Dylan Klebold, Chris Morris, Billy Dao, and others attended. Mr. Thornby said they just drank and watched TV.

Mr. Thornby's sister, Jenica, normally meets her friend Rebecca in the library, but left school to go to lunch off campus and was gone at the time of the shootings. She parks in the Clement Park parking lot north of the school.

The interview was concluded at 11:00 a.m.

REPORT NARRATIVE

Supplemental Report Number: 99-2100

G.WHEELDON

Narrative:

On April 20, 1999, Sheridan Police Detective PAUL WSZOLEK and myself Detective GRIERSON WHEELDON responded to a request for assistance by the Jefferson County Sheriffs Dept. We were responding to Columbine High School on a report of shots fired. Upon our arrival at the High School command post, we were met by Sheridan Police Chief RAY SAMPLE, Commander LES MURRAY and Lieutenant JOHN IANTORNO who also had just arrived on scene.

WHEELDON was directed to respond to the area of Chatfield and Wadsworth on a reported explosion. Upon arrival, WHEELDON observed a field/greenbelt area which appeared had been burned by fire. West Metro Fire Dept was on scene and a fireman was placing flags on debris left from the device which caused the explosion/fire.

WHEELDON and other officers began walking the greenbelt in an attempt to locate possible additional explosive devices. During the search, Officers detained an unknown white male who was found in the area inside of a drainage pipe. He was identified by Colorado State Patrol Officers and later released. Officers did not find additional bombs during their search of the greenbelt.

WHEELDON responded back to the command post at the high school for his next assignment. WHEELDON was requested to respond to a suspect, ERIC HARRIS's residence along with several other officers. Upon arrival at HARRIS's house, WHEELDON and WSZOLEK watched the rear side of the house while other officers approached and made contact at the front door. Upon contacting the occupants of the residence, WHEELDON and WSZOLEK walked to the front door and began assisting. Not knowing if the suspect ERIC HARRIS was hiding inside the house or if residence was being destroyed, officers entered the house at the front door.

Once inside the residence, WHEELDON learned that there were three known people occupying the house upon the arrival of the police. These individuals were identified as Mr and Mrs HARRIS and Mrs HARRIS's sister. Both Mr and Mrs HARRIS were uncooperative with police by initially refusing to allow police to enter their residence to search of ERIC. Mr HARRIS stated to officers that his lawyer was on his way over. WHEELDON smelled a very strong odor of automobile engine gasoline throughout the HARRIS's house. WHEELDON asked Mr. HARRIS if the odor of gas was normal and he replied "no".

Officers explained to the HARRIS's that exigent circumstances existed and that for officer safety issues, a search for their son ERIC needed to be conducted throughout the residence. The HARRIS's with hesitation, verbally agreed to allow officers to search the house for their son ERIC. Knowing that bombs were involved, WHEELDON attempted to locate the source of the gasoline odor. WHEELDON walked through the living room and into the HARRIS's two car garage at which time it was obvious that the gas odor was originating from within the HARRIS's garage because of the heaviness of the odor.

WHEELDON returned inside the house and began looking for ERIC. During the search for ERIC, WHEELDON observed the HARRIS's house to be a three level structure with the dining room, kitchen, living room and garage on the ground level. On the upper level there were several bedrooms, a bathroom and a loft which had been made into an office. The lower level contained two rooms one of which was later identified as ERIC's bedroom. Mrs HARRIS accompanied WHEELDON upstairs and she showed WHEELDON inside each room. After completing his search for ERIC upstairs, WHEELDON and Mrs HARRIS walked back down stairs to the ground level. WHEELDON asked Mrs HARRIS what was on the lower level and she replied ERIC's room. WHEELDON and Sheridan Police Officer GREG MILLER began walking downstairs towards ERIC's room, when Mrs HARRIS stated, "I don't want you going down there". Mrs HARRIS was again explained that for officer and the public's safety, officers needed to go downstairs to look for any possible threats and Mrs HARRIS replied "ok".

G.WHEELDON

MILLER and WHEELDON walked downstairs to the lower level of the house. Once downstairs, WHEELDON walked into a bedroom located on the south west corner of the basement. The bedroom door was open and WHEELDON walked inside with his gun drawn looking for ERIC. Once inside the room, WHEELDON observed a clear plastic bag containing an unknown amount of shot gun shells on the bed. An unknown gauge shot gun with a sling was hanging in clear view on the side of a dresser table inside the bedroom. After clearing the basement, WHEELDON and MILLER returned to the ground level of the residence.

It was decided that due to the gas vapors and the possibility of a bomb inside the house, the house would be evacuated. All police personnel and civilians left the house and the bomb squad was notified and later responded. While awaiting the bomb squad, WHEELDON was approached by Mrs HARRIS's sister. She said that herself, Mr and Mrs HARRIS were afraid of retaliation from the parents whom their children were killed at high school. WHEELDON noticed while standing outside with the HARRIS's that neither Mr nor Mrs HARRIS appeared upset or surprised of what was happening. The HARRIS's lawyer arrived on scene and began talking to the HARRIS's.

Littleton Fire Dept arrived and it was decided to evacuate the entire block for safety reasons. As officers awaited for the bomb squad to arrive, several members of the news media began arriving on scene. A police line had been established and no unauthorized personnel was allowed to penetrate the line.

The bomb squad arrived on scene and evaluated the situation. several members of the bomb team entered the HARRIS's residence in search of explosive devises. When they returned outside, it was learned that they had discovered an explosive devise in the lower level bedroom (ERIC's bedroom). The bomb was reportedly found on the same dresser table where WHEELDON had previously observed the shot gun.

The bomb squad safely and without incident removed the devise from the HARRIS's residence. The house was secured and WHEELDON along with other officers were relieved of their duty at the HARRIS's house. Several other officers remained on location while awaiting a search warrant.

WHEELDON responded back to the command post where a short time later he was released from the scene with no other involvement.

LPD CASE #99-3089

ORIG

At approximately 1830 hours on 04/20/99, Lead-Detective Joan Schroer requested that I assist the Jefferson County Sheriff's Department by taking photographs and collecting evidence during the execution of a search warrant at a residence located at [REDACTED] in unincorporated Jefferson County. Schroer told me that the residence was the home of an individual named Eric Harris who was a possible suspect in a homicide that had occurred earlier that day at Columbine High School.

A short time later, I responded to the residence with Evidence Clerk Jessica Barrett and we arrived at approximately 1915 hours. A uniformed Jefferson County Sheriff's deputy was posted outside the residence securing the home. I met with Jefferson County Sheriff's Investigator Cheryl Zimmerman who informed me that a search warrant for the residence had been obtained in connection with the Columbine High School case and that investigators would be searching the residence for any evidence related to that incident. Also present were Lakewood Police Detective Dan McCasky, Criminalist Chuck Davis of the Colorado Bureau of Investigation, and several other law enforcement officers whom I did not know. Zimmerman told me that no one was home in the residence at that time.

I took 35mm photographs showing the exterior front of the Harris residence. Then, at the request of Investigator Zimmerman, I took photographs of graffiti-like writing on the surface of the street in front of the Harris residence and on the street in front of a neighboring residence at [REDACTED]. The writing appeared to have been written with chalk and consisted of long lines and box-like shapes together with the names "DYLAN" and "TAELOP." Zimmerman then instructed me to take overall photographs showing all of the rooms inside the Harris residence.

I entered the home with Jessica Barrett and I noted a strong gasoline-like odor in the garage and inside the house. Assisted by Barrett, I took numerous photographs showing the following:

Family Room: Backpack(s) and school materials scattered on the floor.

Store receipts in a wastebasket near an end table.

Handwritten paper note on an end table.

I personally searched the following places but found nothing of obvious evidentiary value:

- A small crawlspace located on the lower level of the home. Access to the crawlspace was via a small door installed in the wall of a utility and pantry area. Numerous assorted items of property were stored in the crawlspace including closed moving boxes, home accessories, furniture, and luggage. Many of the boxes were marked with the names of Harris family members. Most of the boxes bearing Eric's name were stored in the back corner of the crawlspace and did not appear to have recently been opened. I did not search these boxes as numerous other objects blocked access to them.
- A very small storage attic located in the ceiling above the garage. The attic held several boxes containing Christmas decorations.
- A vehicle parked in the garage of the residence—a 1995 Toyota Camry 4-door sedan bearing Colorado LIC/GAD5859. I searched the passenger areas, glove compartment and trunk.

At the request of Investigator Zimmerman, I photographed several small fragments of broken material which were located outside the residence on the surface of a concrete slab in a fenced backyard area along the side of the garage. The fragments were found scattered in two small areas that I designated in the photographs using photo markers #1 and #2. The material appeared to be broken glass and broken pieces of hard plastic or electronic circuit board material. After photographing the fragments,

Jessica Barrett and I collected them and marked the packages as #1 and #2 corresponding to the areas from which they were collected. The packages were then given to the investigators to be included with the other evidence items collected at the residence.

At about 0110 hours on 04/21/99, Jess Barrett and I completed the assignment and we left the residence along with the other investigators. A uniformed sheriff's deputy was still securing the home at that time.

On 04/21/99, while restocking an evidence kit that I'd used during the search warrant, I found three pieces of paper in the kit which had been collected as evidence from Eric Harris' bedroom and had mistakenly been placed in the kit during evidence handling. The papers were as follows:

1. A photocopy of page 122 from THE ANARCHIST COOKBOOK. The page, entitled "Household Substitutes," listed 38 chemicals together with a listing of household substitutes for that chemical (e.g.: Chemical Name: Acetic Acid Household Substitute: Vinegar).
2. A handwritten description of two fictitious creatures, possibly computer game characters, named "DARK VAPOR" and "HELL DOG," and hand drawn sketches of both creatures.
3. Five or six hand drawn sketches showing fictitious animals, bug-like creatures, and/or faces.

It is unknown who collected these pages or where in Eric's room they were found. I photocopied the pages and gave the originals to Littleton Lead-Detective Joan Schroer who said she would deliver them to the appropriate investigator(s) at the Jefferson County Sheriff's Department. I forwarded the photocopies to the Littleton Police records file.

The photographs taken during the Harris search warrant were contained on seven rolls of 36-exposure film. I did not complete a photo log when taking the photos. Rolls #2 through #6 contained photos showing the search

warrant only. Rolls #1 and #7 contained photos showing the search warrant and other photos that I'd taken before and after the search warrant using the same film rolls on unrelated Littleton Police cases.

On 04/26/99, I submitted rolls #1 and #7 to Englewood Camera to be developed into negatives only. I picked up the negatives on 04/29/99.

On 04/29/99, I submitted rolls #2 through #6 to the Arapahoe County Sheriff's Department photo lab and requested that they be developed only.

On 04/30/99, Arapahoe Sheriff Criminalist Tom Adair picked up these developed rolls from his lab, and picked up rolls #1 and #7 from me. He then reportedly delivered all of the negatives to Criminalist Jim Jennings at the Jefferson County Sheriff's Department lab. To my knowledge, no prints were made of any of the photographs by either Englewood Camera or the Arapahoe Sheriff's lab.

On 05/11/99, I examined all of the photo negatives at the Jefferson County Sheriff's lab in the presence of Criminalist Jim Jennings. At Jennings request, I prepared a written photo log that generally describes each exposure on the seven rolls of film that I'd photographed during the Harris search warrant. I gave Jennings the original photo log and kept a copy for Littleton Police records.

DETAILS:

- 1 On July 26, 1999 Investigator R. Vette received a Rapid Start control lead from Investigator Steve Luciano, of the Columbine Task Force. The lead sheet requested that I complete an investigation into a telephone records specifically an AT&T telephone calling card recovered from Eric Harris' wallet during the collection of evidence prior to the autopsy being conducted. The account number on the telephone card #848 030 6989 5124 was in the name of Eric Harris.
2. Investigator R. Vette prepared a search warrant which was directed to AT&T Corporation C/O C.T Corporation Systems requesting any and all records pertaining to the account. The Honorable Henry Neito of the Jefferson County District Court signed the search warrant on July 29, 1999 and the search warrant was forwarded to AT&T, (see attached copies of the search warrant and supporting **SEALED** affidavit).
- 3 On July 29, 1999 Investigator Vette received a telephone call from the AT&T legal division concerning the above described search warrant. According to officials from the legal division the account specifically noted, was a family telephone credit card. The legal division advised that no other information was available which couldn't be retrieved from the telephone service provider, U.S. West Communications. It should be noted that Investigator Vette has already received this information which has been incorporated within this case. Investigator Vette requested AT&T to provide any information concerning the account that their company held records too, whether these would be duplicates or not. AT&T agreed saying the records would be forwarded to Investigators Vette or Hayes.
- 4 On August 16, 1999 Investigator Vette received the documents from AT&T via U.S. Mail. Investigators Vette and Hayes analyzed these records learning that this account is still active and is being used by Harris' family members. The records obtained, appear to be duplicate records and all calls are accounted for in previous reports sent to the Columbine Task Force. No calls documented in these reports from AT&T appear to be of an evidence nature.

OBSERVATION/INVESTIGATION:

On Tuesday, April 20, 1999, I responded to Columbine High School to assist with the developing investigation of the murders at that school. I was directed by Sgt. Don Girson to respond to [REDACTED] with members of the Sheridan Police Department. The Reed St. address was that of Eric Harris, one of the suspected shooters. I was directed to contact any family members on scene, learn what I could of Eric Harris' background, and secure the residence pending application for and issuance of a search warrant.

Upon our arrival, we contacted Wayne Harris, Kathy Harris and Karen Shepard, the occupants. According to Mr. Harris, "the press" had already been at their door. And, while they were reserved, the Harrises volunteered to intercede with their son if he were in fact involved with the ongoing situation. The Harrises were awaiting the arrival of their lawyer.

Mr. Harris identified his son as Eric David Harris, date of birth: 040981. Mr. Harris said he had no reason to believe his son would be involved with such a situation. Eric Harris had been in contact with Marine Corps recruiters, and he was looking forward to graduation. Eric Harris' last grade reports included 2 A's, 2 B's and a C. He was gainfully employed at a nearby Blackjack Pizza.

Eric Harris wore a black duster "everyday." But, he had no particular interest in the Jugoslavian conflict or with the celebration of Hitler's birthday. His interest in "explosives" and firearms was no more than you would expect from a person looking forward to joining the Marine Corps.

Upon our arrival, Lt. Iantorno and his men "cleared" the residence to insure our safety. We had been warned Eric Harris might be on scene and pose a threat. During their efforts, they observed in Eric Harris' room what appeared to be a "device." As we talked with the Harrises, the aroma of gasoline became increasingly oppressive. Consequently, we cleared the residence and asked the fire department to respond. A pumper from the Littleton Police Department arrive, and it was determine the gasoline vapor was present in an explosive concentration. Subsequently, the device was removed and the home ventilated without further incident.

Shortly after we left the residence awaiting arrival of the fire department, the Harris' lawyer arrived. He identified himself as Ben Colkitt, 2303 E. Dartmouth Ave., Englewood, CO 80110, telephone: 303/584-0308, cell: 303/332-4949, pager: 303/528-2368. Colkitt explained he had been retained to represent Eric Harris. While the family wanted to cooperate in any way they could, Colkitt directed the police were not to talk with Eric Harris in the absence of Colkitt if Harris were taken into custody. I so informed Sgt. Girson by radio.

After the home was made safe, the Harrises left with their lawyer.

While we were waiting for the fire department and bomb squad to make safe the Harris home, I was approached by Bill Konen, their next door neighbor. According to Konen, on Monday, April 19, 1999, at about 0900 hrs., his neighbor, the highschool senior who wears a duster, was visiting with his friend who drives a black BMW. Konen thought the neighbor's name was Eric. Konen heard the friend ask Eric if he had an aluminum ball bat. Afterward Konen heard "crashing", like the sound of glass breaking, coming from the Harris garage for fifteen or twenty minutes.

Konen said he had minimal interaction with Eric, but Eric was always very polite. He was quiet and didn't say much.

Lt. Iantorno and his men returned to the command post, and I maintained security until Det. Miller returned to remain with me. While they were gone, I was approached by Josh Lapp. Lapp was very intense, and he was carrying a 1998 Columbine High School yearbook. Lapp told me he had been in the school library when the shooting started. He got a good look at the shooters and recognized them as fellow students. After escaping and making his way home, Lapp found the two shooters in the year book. On page 128, Lapp showed me a picture of Dylan Klebold. On page 125, he showed me a picture of Eric Harris. Then on page 120, he showed me a "better picture" of Harris. According to Lapp, Harris and Klebold were the only assailants.

Det. Miller and I were relieved By Dpty. Dale Scott at 1718 hrs.

Later, I returned to the house with Sgt. Dan McCasky and others to assist members of the Jefferson County Sheriff's Department with execution of a search warrant. During the search, I located on the kitchen table a handwritten note which appeared to be an "itinerary" detailing plans for the day's assault on the high school.

The Lakewood police agents involved in the search departed before it was complete. That concluded my participation in the investigation.

Neighborhood canvass of area around the Harris residence at 8276 South Reed Street, Littleton, CO. conducted on May 13, 1999.

[REDACTED] next-door neighbor to the east of the Harris residence.
Rene Hopkins and Jerry Judd - 303-972-7142

Ms. Hopkins said she and Mr. Judd were gone the weekend of April 17 and 18, 1999. A wallpaper contractor was working at her house on April 18, and April 19, 1999. The wallpaper contractor reported hearing noises from the Harris property next door. The wallpaper contractor was Ed Refitt and was interviewed reference Control #DN1374 by Jerry Means, CBI.

Ms. Hopkins and Mr. Judd said they never heard any noises from the Harris residence. They never heard any loud voices or arguing. They said they had no interaction with the Harris'. They would see Eric in the driveway, and wave. Eric would smile and wave back.

Ms. Hopkins said Kathy Harris worked in the yard "constantly". She had just bought bags of dirt or fertilizer and Eric helped her carry them into the back yard. They often saw Eric mowing the lawn. They would talk to the Harris' in the driveway occasionally and said Eric was quiet and wouldn't add to the conversation. They thought Eric's older brother was friendlier. Ms. Hopkins said she talked to the parents often, but never talked of their children or any problems.

Mr. Judd said on some weekday mornings, he would see Eric leaving some time just before 6:00 a.m. Eric drove a gray Honda Prelude. Wayne Harris would leave at about 7:00 and return at 5:00. Wayne drove a Toyota Pickup. Kathy Harris drove a Toyota Camry. Mr. Judd and Ms. Hopkins were not sure of Mrs. Harris' schedule. Mr. Judd said the pickup and the Camry were always parked in the garage. The Prelude was parked on a concrete strip next to the driveway.

Mr. Judd reported seeing a black BMW often parked in the cul-de-sac just west of the Harris residence. He could not remember the last time he saw the car parked there. Mr. Judd remembered saying "Hi" and that's all to the driver of the BMW.

Ms. Hopkins said she recognized Brooks Brown from a television interview as one of the visitors to the Harris residence. She said she had seen this person numerous times and he drove a "small, white, older, compact car". When asked for a date that she had last seen him, she said, "it was last year - 1998 sometime."

[REDACTED] - The second house east of the Harris residence.
Mike and Karen Good - 303-933-1692
Son: Matthew Good DOB: 06/06/83 (CONTROL #3307)

Matt Good was interviewed at his residence with his parents present on May 12, 1999. The Good residence is two houses to the east of the Harris residence at [REDACTED] Matt is a sophomore at Columbine High School.

Matt said he usually leaves for school about 6:30 in the morning and would occasionally see Eric Harris leaving for school at that time. Matt knew who Dylan Klebold was because Dylan's black BMW was often at the Harris residence. Matt said, "Dylan was there a lot, he was there all the time." Matt said Dylan's car was normally there several times during the week, and all weekend. Matt said Dylan would always park his black BMW in the same place in the cul-de-sac. Dylan would pull through the cul-de-sac and park along the curb in a south facing direction. When asked if he thought Dylan spent the night, Matt said he didn't know. Matt said Eric Harris drove a gray Honda that was parked on the side of the Harris' driveway.

JC- 001-010249

William R. Maron 051449
Investigator William R. Maron - West Metro Fire Rescue - JCSO #0656

Matt said he never saw Brooks Brown or anybody else at the Harris' house. Matt he would see Dylan or Eric coming and going to and from there cars, but never saw them outside the house or in the garage. He said he never saw them carrying anything.

Matt's father, Mike Good, remembered last year, seeing a girl coming to the Harris' house. He described her as short, chubby, with short dark hair, dark clothes and glasses. He could not remember what type of car she was driving.

On Sunday, April 18, 1999, at about 2:00 p.m., Matt Good was working on a CD player in his car in his garage with his garage door open. He heard noises from the Harris' garage he described as "sawing wood with a circular saw, and glass breaking." He noticed the Harris' garage door was slightly up with a 3" gap at the bottom. As Matt Good was pulling his car out of the garage, at about 3:00 p.m., he saw the garage door at the Harris' was all the way open. Matt said he could see sawhorses with wood across them in the Harris' garage. He said there were no cars in the garage, and he did not see any people in the garage. Matt said Eric's and Dylan's cars were in their usual parking places. He did not see Eric's parent's cars.

Matt Good said he returned home at about 4:30 or 5:00 p.m. the same day, and saw Eric's car for sure, and thinks Dylan's car was also there.

Matt Good said that was the only day he heard any noises from the Harris' garage.

 - next door neighbor to the southwest of the Harris residence.
Bill Konen - 303-932-6971

Mr. Konen spoke with Lakewood Police Department Agent Stan Connally on April 20, 1999. Connally's report is under LPD CR #99038856.

Mr. Konen stated on **Monday April 19, 1999 at about 9:00 a.m.** he was working in his back yard and heard a car pull up to the Harris residence. He did not see the car but he thought he recognized the sound of the car as that of the black BMW that often parks near his house.

Mr. Konen said he heard the Harris' garage door open. He couldn't see anybody and couldn't see into the garage from his angle but did see the wallpaper contractors van parked in the cul-de-sac.

Mr. Konen said he heard voices from the Harris residence. Mr. Konen said, "one asked the other for a metal baseball bat." Shortly after that he heard glass breaking he described the sound as "like a sack of bottles getting bashed for 10 or 15 minutes."

Mr. Konen heard no other noises or conversations while he was in his yard. He assumed they were working on "an art project or something." Mr. Konen said the noise stopped, and about 10 to 15 minutes later he was outside and noticed the car was gone. Mr. Konen said he only heard one car come to the house and leave from the house. The car parked on the cul-de-sac where the BMW usually parks.

Mr. Konen said the black BMW was often parked by his house. He said he never got a good look at the driver and said the driver often wore a black ball cap and sunglasses. Mr. Konen occasionally saw the driver in a "black Australian duster." He said he never saw Eric or the BMW driver outside, only coming and going to or from the house. Mr. Konen said he would run into Eric Harris at the mailbox and described him as polite, not talkative, and elusive.

Mr. Konen said on the weekend of April 17, and April 18, 1999, the BMW was parked next to his house both days and he thought it may have been parked there overnight. Mr. Konen didn't see Mr. and Mrs. Harris there that weekend.

Mr. Konen said normally, Wayne Harris leaves for work at 6:55 a.m. and is back at 4:30 p.m. He's not sure when Kathy leaves, but she usually comes home at about 3:00 p.m. Mr. and Mrs. Harris always park in the garage.

I told Mr. Konen another neighbor reported a metal banging sound thought to be coming from the Harris' yard on the morning of Saturday, April 10, 1999. Mr. Konen thought about it and said that at about 10:00 that he (Mr. Konen) had been taking out a wooden fence post with a concrete base using a sledge hammer.

[REDACTED] - Third house to the east of the Harris residence.
Brent and Debbie Wilde - 303-933-4473

Ms. Wilde said she knows the neighbors on each side of her, but doesn't know the Harris' very well. Ms. Wilde said she really didn't notice cars in the cul-de-sac. She said she is not usually looking out the front of the house. She did not recognize the pictures of the two boys in the media. She said when she saw the Harris'; it was only "Hi and bye".

Mr. Wilde said he noticed the black BMW parked in the cul-de-sac the weekend and the Monday before the Columbine incident. He could not remember exact times when he saw the car parked there. He said the Harris' were quiet and there were never any problems or any parties. He did not recall hearing any explosions or gunfire. He thought the parents were usually gone all day at work.

[REDACTED] - Southeast across the cul-de-sac from the Harris residence.
John and Pam Voehl - 303-932-0752

The Voehl's were interviewed by telephone on May 13, 1999. Mr. Voehl said he didn't know the Harris' personally. Mr. Voehl would play basketball in the cul-de-sac with Eric's older brother. Mr. Voehl has a daughter, Rebecca the same age as Eric's brother. The only conversation he remembered with Eric was in February of 1998 when the Columbine High School basketball team had gotten knocked out of the semi-finals. Mr. Voehl said, "hey, what's going on with that team, I really wanted to see them play at McNichols again." Eric said, "yeah, I thought they'd go all the way." Mr. Voehl said Eric didn't seem to have any animosity at that time regarding sports or athletes.

Mr. Voehl said he never saw visitors around the Harris' house, or anyone "hanging around." He didn't see anyone outside much. Once in a while he would see Eric and his father working on Eric's car.

Mr. Voehl said he saw Eric and a friend he couldn't describe wearing black coats. Because of the type of coat, he thought they were into country music. He said Eric was never a problem around the neighborhood. Mr. Voehl estimated that between 6 months and 1-½ years ago, a police officer, possibly JCSO, came around asking about teenagers in the neighborhood. The officer came back later asking specific questions about the Harris house.

Rebecca Voehl said she was picking up the mail at her parents house on **Monday, April 19, 1999 at about 11:30 a.m.** She said the neighborhood was quiet as usual, and as she was walking up the driveway she heard noises from the Harris' garage. She described the noises as "building something, banging and cracking, maybe glass." She did not remember vehicles parked in the cul-de-sac at that time. Rebecca attends Metro State College. She said she didn't know Eric Harris.

Mr. Voehl remembers seeing a dark colored 4-door car parked in the cul-de-sac. He did not know the make of the car. His wife saw Klebold's car on TV and thought it was similar.

Mr. Voehl said on the weekend of April 10, and April 11, 1999 he saw Eric and his parents working in the yard. He said on the weekend of April 17, and April 18, 1999 he and his wife were in and out, and didn't remember seeing or hearing anything unusual.

[REDACTED] - South of the Harris residence, across the cul-de-sac.
Fattore, Jody - 303-979-1048

Mr. Fattore said he did not know the Harris' very well. He said he didn't even know their names until recently. He said they were very quiet and seemed like decent people. When he saw them it was "hi and bye, nothing unusual."

Mr. Fattore said a black BMW was parked "quite often" in the cul-de-sac, west of the Harris residence. When asked if the car is ever there overnight, he said he has noticed the car sometimes in the morning. He said the driver was a male that occasionally wore a long black coat, but could not describe him. Mr. Fattore complained that the BMW driver "drove too fast" through the cul-de-sac. He could not recall the last time he saw the BMW.

Mr. Fattore said there were never any parties at the Harris house and he never saw any other cars or people "gathering." He said he didn't see people "hanging out" at the house, that they went straight into the house.

[REDACTED] - Southwest of the Harris residence, across the cul-de-sac.
Keith and Connie Huff, Ed Karmazin - 303-904-8315

Ed Karmazin has been staying with the Huffs since late February 1999. Ed usually parked his car in the cul-de-sac across from the Huff residence. He said he would pull in front of the Huff residence, and back up along the curb on the west side of the cul-de-sac and park in front of the black BMW. He said he never saw the driver of the BMW. He said he never saw Eric Harris.

Mr. Huff said the black BMW was parked across from his house so often, he assumed it belonged to the family at the Harris' house, although he does not remember seeing the car parked there overnight. He recalled the Harris' older son drove a yellow car but didn't know the make.

Mr. Huff said on **Monday, April 19, 1999**, he was working in his front yard from noon or 1:00 p.m. until about 3:00. Mr. Huff was unloading a pickup truck load of dirt onto his front yard. He recalled seeing a van in the driveway next to (east) of the Harris residence. He thought it looked like a painting crew working at that house. (Hopkins-Judd) When he came back out at about 3:30, he saw the black BMW parked in its usual spot.

Ms. Huff said she would see Eric leaving for school between 5:30 and 6:00 a.m. She said she never saw him in a trenchcoat. She said there were definitely no parties at the Harris' house. Ms. Huff said, "the coming and going was pretty normal", the parents were nice and waved.

Chris Maddera - 303-932-7030

windows exploded." He also saw a yellow sedan, unknown make at the Harris' house. He thought the parents drove a pickup and a green car.

Mr. Maddera saw what he described as a light blue sedan that drove by his house to the Harris' residence. He said the driver wore a hat and it might have been Eric, but he didn't know what Eric drove.

Mr. Maddera said his wife is home all day with three small children, but is busy with them and didn't see anything.

Mr. Connor went into his house and shut the door.

Mr. Connor said he has never heard any glass breaking, explosions or gunfire in the area. He said he hears occasional fireworks but is not sure where they come from. He has not identified any unusual cars in the neighborhood and hasn't seen anybody outside the Harris residence.

Matthew Good

DOB: 06/06/83

Littleton, CO 80123

303-933-1692

Matt Good was interviewed at his residence with his parents present on May 12, 1999. The Good residence is two houses to the east of the Harris residence at [REDACTED]. Matt is a sophomore at Columbine High School.

Matt said he usually leaves for school about 6:30 in the morning and would occasionally see Eric Harris leaving for school at that time. Matt knew who Dylan Klebold was because Dylan's black BMW was often at the Harris residence. Matt said, "Dylan was there a lot, he was there all the time." Matt said Dylan's car was normally there several times during the week, and all weekend. Matt said Dylan would always park his black BMW in the same place in the cul-du-sac. Dylan would pull through the cul-du-sac and park along the curb in a south facing direction. When asked if he thought Dylan spent the night, Matt said he didn't know. Matt said Eric Harris drove a gray Honda that was parked on the side of the Harris' driveway.

Matt said he never saw Brooks Brown or anybody else at the Harris' house. Matt he would see Dylan or Eric coming and going to and from there cars, but never saw them outside the house or in the garage. He said he never saw them carrying anything.

Matt's father, Mike Good, remembered last year, seeing a girl coming to the Harris' house. He described her as short, chubby, with short dark hair, dark clothes and glasses. He could not remember what type of car she was driving.

On Sunday, May 18, 1999, at about 2:00 p.m., Matt Good was working on a CD player in his car in his garage with his garage door open. He heard noises from the Harris' garage he described as "sawing wood with a circular saw, and glass breaking." He noticed the Harris' garage door was slightly up with a 3" gap at the bottom. As Matt Good was pulling his car out of the garage, at about 3:00 p.m., he saw the garage door at the Harris' was all the way open. Matt said he could see sawhorses with wood across them in the Harris' garage. He said there were no cars in the garage, and he did not see any people in the garage. Matt said Eric's and Dylan's cars were in their usual parking places. He did not see Eric's parent's cars.

Matt Good said he returned home at about 4:30 or 5:00 p.m. the same day, and saw Eric's car for sure, and thinks Dylan's car was also there.

Matt Good said that was the only day he heard any noises from the Harris' garage.

Matthew Good had 4th hour Spanish class at Columbine High School. After Spanish, he had the "A" lunch period. Matt and his friends were in the cafeteria after Spanish. Matt and his friends, John Losh, and Daane Reinking decided to go to Burger King off campus for lunch.

They walked out of the building through the main south entrance doors into the parking lot. He estimated it was sometime after 11:15 a.m. Matt said he heard the usual lunchtime noises: people talking and yelling. He said he heard some other sounds he thought were "construction noises". Matt did not report hearing any gunshots or explosions.

Matt said another student, Erica Schmidt was leaving the parking lot at the same time. They drove out of the parking lot past the main south entrance. Matt was in the back seat.

Source: Matt Good

Affiliation: CHS Student – Harris Neighbor

I showed Matt a sketch of the parking lot. He identified Reinking's parking space (# 375) in the junior lot. I showed him where the Harris car was parked and asked if he remembered seeing it. He said he didn't, but he identified the space to the west of the Harris car as that of E.R. Wolf (#373). He said Wolf's car is "big" and may have obstructed his view.

Matt and his friends returned to the school at about 11:40 a.m. and Pierce Street was blocked off by law enforcement. They turned onto Walker Street westbound. They saw Brooks Brown on Walker Street telling people to not go to the school. They didn't ask him why. They turned north on a north/south cross street and then turned eastbound on Polk Street. They saw Jake Apodaca, who told them someone at the school was shooting machine guns and had grenades.

INVESTIGATION:

On 4-26-99, I responded to Bob's Towing, located at 500 West Yale, where I assisted in the execution of the search of three vehicles. The first vehicle, a light blue Nissan Sentra, Colorado license plate GBV5157, VIN #JN1PB22S2HU012161, a 2-door standard transmission vehicle, was searched. The search of the vehicle started at 1442 hours.

Numerous items of evidentiary value were collected from the vehicle by members of the FBI ERT and CBI Investigators. The items were collected and submitted to the JCSO Evidence Vault.

On 4-26-99, at 1512 hours, the search of a gray Honda Prelude, Colorado license plate #GBP2613, VIN #JHMAB7227GC016578, described as a 2-door automatic transmission with a sunroof, was conducted. A search of the vehicle resulted in several items of potential evidentiary value being seized and collected and submitted into the JCSO Evidence vault.

A third vehicle submitted by JCSO Deputy Dave Luksch under the CR of 99-7625, was also examined. This vehicle was a black 4-door Mazda 262, bearing Colorado license plate GBX8337, VIN #1YVGE22CX55415717, was examined. The vehicle had been submitted by Deputy Dave Luksch, who had indicated in his report that he had observed possible ammunition in the vehicle. The vehicle was recovered from the area of West Bowles Avenue and South Simms Avenue. When the search of the vehicle was completed there were no items collected from the vehicle. No items of ammunition or any such items were recovered from that vehicle.

OBSERVATION/INVESTIGATION:

On 050599 I was contacted by ██████████ who had been given the message that I had called by his mother ██████████. I advised ██████████ that the reason I was calling was that his name had appeared on a list that I was doing follow up investigation on. ██████████ stated that he knew why he would have made the list, and that was because he had spent most of his time in a gym class he was in with Eric Harris, Making fun of him. I asked ██████████ what he meant by "making fun" and he stated that he would make fun of lots of people, but Eric had a big head on a very skinny body so he just teased him all the time. ██████████ stated that one of the reasons he had left school last year and started at ██████████ was because some of his friends had told him he was to mean to other kids, at the time ██████████ thought it was funny and just got a laugh. I asked ██████████ if he had been on a sport team and he stated that he did not participate I that stuff. I asked ██████████ if he had anything else he could tell me and he stated no.

OBSERVATION INVESTIGATION:

On 050499 I contacted ██████████'s mother, at that time I advised her that I was conducting follow up investigative leads on the Columbine bombing. ██████████ stated that her son currently attended ██████████ and would provide me with his phone number after she talked to her husband.

I asked Mrs. ██████████ if she was aware of her son having any contact with either Eric or Dylan, and she asked if her son was on a list. I advised her that he was, and I was trying to determine what contact he had with them. Mrs. ██████████ stated that her son had played on the basketball and baseball teams and had been ██████████ basketball team, but, to her knowledge had not had any direct contact with either one; However, ██████████ had a lot of trouble with Joseph Stair. I asked her what the trouble was, and she stated that Joseph was always exchanging words with her son and staring at him in the halls. I asked her if she was aware of what the conversations had been and she stated that she did not.

On 050599 I was contacted by ██████████ who stated that his parents had called him and asked him to call me in regards to his knowledge of Eric Harris and Dylan Klebold. I asked ██████████ if he had ever had any contact with either one of them and if he had any reason to be on a hit list that they had made up. ██████████ stated that he had never had any direct contact with them, but he had major contact with Joe Stair. I asked ██████████ if he could tell me what that was and ██████████ stated that his whole class was afraid of Stair, we thought he could carry out his threats. I asked ██████████ what those threats were, and he related the following story. ██████████ stated that he had been in the cafeteria, sitting at the "jock" table, when Stair came into the cafeteria, acting like a fag, "humping some other kid from behind" so we all yelled at him" I think we said something like knock it off, faggot" that's when he yelled that he would just blow up the school, because he didn't like anyone there anyway. We all believed he could do it, so we told a peer counselor named Lindsey Woyziak who talked to both Stair and Dutro. ██████████ didn't know what the out come of that meeting was.

Interviewed [REDACTED] by telephone at her place of employment, [REDACTED], Denver, CO; [REDACTED].

[REDACTED] stated she met Eric HARRIS at a soccer game. They went out about three times during the summer of 1998. About the end of June or the beginning of July 1998 they went to Elitche's, and she recalled that a friend of HARRIS' went with them. She said he had a funny last name, but she could not remember it. I asked if it was Dylan KLEBOLD, and she said "no". I asked if it was DYKEMAN, and her response was, "That's it". She said she remembered because they made fun of his name. I asked if he was there during that time, and she said he was.

[REDACTED] stated HARRIS was not her type. She described that as meaning that he was not "personable" and "not real talkative". She also described him as "nice, but sort of weird". She recalled he told her he was on probation, but she said he never told her what it was for.

[REDACTED] said that they have caller ID on her phone at home, and when she would see HARRIS' name she would not answer the phone. Likewise, when he would page her she would not return the pages. She said she ran into him at a soccer game after that, and he asked her why she would not return his pages. She said she told him that her pager was broken.

[REDACTED] also said her mother would intercept HARRIS' phone calls and tell him she was not at home. I asked [REDACTED] if there was any "fallout" from her failure to respond to HARRIS' attempts to get a hold of her, and she said her mother never said anything about his reaction.

On 050499 I contacted [REDACTED] by phone at her home. At that time I asked [REDACTED] if there would be any reason she would be on Eric Harris's hit list. [REDACTED] stated that she was certain she made the list because she had not returned Eric's phone calls. I asked [REDACTED] to explain what she meant, and she stated that she had met Eric at a soccer game, and had met him a couple of times after that. Once at another soccer game, and then at Eliches Amusement Park, but there was something about him she didn't like, she didn't know exactly what it was, but he just seemed a little evil. After that happened Eric started calling her and leaving messages at home then he would call her pager, but she would not call him back, then he called and talked to her mother who covered for her. Eric finally got hold of her and she told him her pager was broken, and she had been very busy, he called several more times, but she never returned his calls, that's when he stopped calling. I asked [REDACTED] how long this lasted and she stated that it went on about 3 weeks in May and June of 98.

[REDACTED] stated that when she met Eric at Eliches he was with Dylan, and Nate Dykeman but she couldn't remember anyone else. [REDACTED] was unable to provide any additional information.

On 051299 I contacted ██████████, ██████████'s father by phone. At that time I told ██████████ that I needed to speak to his son regarding the Columbine Incident. ██████████ asked what it was about, and if it was in regards to the list. I advised ██████████ that it was, and I asked if he could help me with any other information. ██████████ stated that his son had been friends with Dylan Klebold in the 4th, 5th, and 6th grades, and they had been in Cub Scouts together, but that was the only dealings he could remember. I asked ██████████ if he had ever had Eric's girl friend, Robyn Anderson in his classes, and he stated that he and Robyn were very good friends in class but, he never had any dealings with her outside the classroom. I asked ██████████ if Robyn had ever told him anything that Eric had told her, or if she had ever talked about Eric. ██████████ stated no. I asked ██████████ if he was on any sport team, and he stated that he had played football, and wrestled, but nothing this year because he had major ankle surgery and was out of sports all year. I asked ██████████ if he had any dealings with the TCM or any of it's people, and ██████████ stated that Tad Bowels was in the "Columbine Blue" an elite choir group at the high school, but he and Tad had never talked about TCM or it's members. ██████████ stated that he was in the theater group and had some dealings with Dylan just because he did the lighting for the plays, but they never exchanged any words.

██████████ was at a loss for any reason he would be on Eric's hit list and couldn't provide any further information, but stated that he would call if anything else came to mind.

NARRATIVE CONTINUATION

ORIGINATOR	FLO420100	AGENCY NAME	OCALA POLICE DEPARTMENT	[1] OFFENSE	[N] JURISDICTION	[2] SUPPLEMENT
ODR	05-14-99	CASE REFERENCE	AOA (Jefferson County Sheriffs Office, Colorado)	AGENCY NUMBER 0 - 99 - 00 - 0000		

On 05-12-99 this Detective received information that the Jefferson County Sheriffs Office in Colorado was requesting our assistance in interviewing a former student of the Columbine High School that had moved to the Ocala area. On 05-13-99 I made contact with Sgt Richard Webb of the Jefferson County Sheriffs Office who advised that a lead had been obtained, via a Search Warrant served at the residence of Eric Harris, which involved the name "[REDACTED]" and a related Colorado address of [REDACTED]. Further follow-up of this information revealed that a former student of Columbine High School by the name of [REDACTED] had resided at this address. I therefore made contact with Forest High School officials and determined that [REDACTED] was currently enrolled at same as a Senior. I later responded to [REDACTED] and talked with [REDACTED] ([REDACTED] Mother). She advised that her son ([REDACTED]) was not home at the time, but was due at work today at 1600 hours. At that time I responded to the "[REDACTED]" which is a restaurant located in the Food Court at the "Paddock Mall" 3100 SW College Road. At that time I interviewed W/M [REDACTED] DOB 03-23-81. [REDACTED] indicated that he was a former student at Columbine High who used to reside at [REDACTED] and that his former telephone number was [REDACTED]. [REDACTED] stated that after Thanksgiving 1998 his family moved to Ocala due to a transfer of employment involving his Father. [REDACTED] advised that he was familiar with both subjects (Eric Harris and Dylan Klebold). [REDACTED] indicated that during his Freshman year at Columbine he used to occasionally talk with Eric Harris, but beginning his Sophomore year they no longer associated. [REDACTED] advised that during his Senior year at Columbine he had two classes with Dylan Klebold (Psych & TV Productions), and that they would occasionally talk. [REDACTED] stated that he never associated with either subjects after school. I asked [REDACTED] if he had any Nicknames that he or classmates may have utilized to refer to him, which he indicated he knew of none. When I questioned him in reference to the name "[REDACTED]" he advised he had no knowledge why same would have been referenced to him. [REDACTED] was familiar with the term "Trench Coat Mafia" and stated that this was the name the students gave to Klebold and Harris, due to their dress. [REDACTED] added that as far as he knew Columbine students Tad Boles and Brian Sargent were a part of this group before Harris and Klebold started associating with same. [REDACTED] did recall a physical dispute between Tad Boles and his ([REDACTED]) good friend Jason Cornelius in the 9th grade which apparently started over money Boles owed Cornelius. Tad Boles, according to [REDACTED], lived just up the street from him, and due to Jason Cornelius being his ([REDACTED]) good friend, also did not care for him. There was also another dispute involving Mr Boles accusing [REDACTED] and Jason of cutting the cable to his residence. This is the only explanation [REDACTED] could think of as to why he would have been on any list of Eric Harris'. When [REDACTED] was shown the copy of the list that was faxed to OPD he recognized most of the names listed as being the Schools athletes. [REDACTED] did not know or recognize any of the Nicknames referred to on the list. [REDACTED] also indicated he did not have any knowledge of any weapons explosives (bombs, etc) or other similar activity involving Harris, Klebold, Boles, or Sargent. If needed [REDACTED] can be contacted again. W/M [REDACTED] DOB 03-23-81 [REDACTED] Ocala, Fla. Home telephone # [REDACTED]
